The aim of this study is to identify:

- current inclusive policies
- relevant practices that exist in the educational institutions
- respondents' experiences and knowledge about inclusive higher education
- remote learning, and the required support to provide it in HEIs

This study is conducted as part of the project DIVERSASIA "Embracing Diversity in ASIA Through the Adoption of Inclusive Open Practices", co-funded by the Erasmus+ Program of the European Union.

This inclusive capacity-building project will provide Indian and Bangladesh universities with a compendium of inclusive and personalized education guidelines together with a validation toolkit that will evaluate and provide guidelines for further improvement of the existing (OERs & MOOCs). This toolkit will include appropriate strategies for validation, and recommendations for adapting and making inclusive all digitized training materials in these countries.
